

University Ambassador Programme

Invited international speakers from research will talk about their career paths and their experiences on working in different scientific areas.

The international conference is aimed at university undergraduate and postgraduate students and scientists from all levels.

Confirmed speakers and topics include:

Professor Claudina Rodrigues-Pousada, ITQB Oeiras

| A scientific career in Portugal

Professor Saskia van der Vies, VU University Amsterdam

| Molecular chaperones in protein folding and signal transduction

Professor Montse Pagès, Instituto de Biología Molecular de Barcelona (IBMB-CSIC)

| Drought tolerance in maize, an important crop in agriculture

SET-Routes
